The brief does not contain the items required under 37 CFR 41.37(c), or the items are not under the proper heading or in the proper order. The brief does not contain a statement of the status of all claims, (e.g., rejected, allowed, withdrawn, objected to, 2. 🔯 canceled), or does not identify the appealed claims (37 CFR 41.37(c)(1)(iii)). 3. At least one amendment has been filed subsequent to the final rejection, and the brief does not contain a statement of the status of each such amendment (37 CFR 41.37(c)(1)(iv)). (a) The brief does not contain a concise explanation of the subject matter defined in each of the independent claims involved in the appeal, referring to the specification by page and line number and to the drawings, if any, by reference characters; and/or (b) the brief fails to: (1) identify, for each independent claim involved in the appeal and for each dependent claim argued separately, every means plus function and step plus function under 35 U.S.C. 112, sixth paragraph, and/or (2) set forth the structure, material, or acts described in the specification as corresponding to each claimed function with reference to the specification by page and line number, and to the drawings, if any, by reference characters (37 CFR 41.37(c)(1)(v)). 5. N The brief does not contain a concise statement of each ground of rejection presented for review (37 CFR 41.37(c)(1)(vi)) 6. The brief does not present an argument under a separate heading for each ground of rejection on appeal (37 CFR 41.37(c)(1)(vii)). The brief does not contain a correct copy of the appealed claims as an appendix thereto (37 CFR 41.37(c)(1)(viii)). The brief does not contain copies of the evidence submitted under 37 CFR 1.130, 1.131, or 1.132 or of any other evidence entered by the examiner and relied upon by appellant in the appeal, along with a statement setting forth where in the record that evidence was entered by the examiner, as an appendix thereto (37 CFR 41.37(c)(1)(ix)). The brief does not contain copies of the decisions rendered by a court or the Board in the proceeding identified in the Related Appeals and Interferences section of the brief as an appendix thereto (37 CFR 41.37(c)(1)(x)). Other (including any explanation in support of the above items): The appeal brief of 12/9/05 is defective because the status of the claims indicates that claims 22, 23 and 30-40 are

The appeal brief of 12/9/05 is defective because the status of the claims indicates that claims 22, 23 and 30-40 are appealed. These claims, however, have not been rejected and are not on appeal. Additionally, the brief of 12/9/05 is defective because the arguments for the patentability of claim 27 are not sufficient. Note that the arguments fail to set forth why the limitations of claim 27 make claim 27 patentable. Finally, the 12/9/05 brief is defective because the claims appendix includes a copy of the withdrawn claims. As noted above, the withdrawn claims are not on appeal and, therefore, should not be included in the claims appendix.
